How to Remove an Instrument Cluster on a Bonneville It
April 5th, 2019 - The instrument cluster on a Pontiac Bonneville is your direct line into the operating components of your engine. It tells you how fast you're going, how much gas you have, and how many revolutions per minute your engine is turning. Unfortunately, if one of the gauges stops working then most likely the entire cluster needs to be removed.

How to Rebuild a 1990 300ZX Instrument Cluster Panel Cars
April 11th, 2019 - The instrument cluster panel in your 1990 Nissan 300ZX provides you with information such as your current speed, fuel level, and engine temperature. You are legally required to have a fully functioning instrument cluster in your Nissan. If any of the dash lights stop working, you need to rebuild your cluster by replacing the broken dash lights.
