1989 Toyota Van Fuse Box

The fusible link thread toyotavantech.com
April 11th, 2019 - The FL 1 25B fusible link is a common problem area on these vans. To start with, it's in an odd place. It's tucked up in the body just in front of the battery box. To get to it, you have to lay on the ground with a flashlight, reach up to lift, then yank down off its holding post. Another odd thing considering this location is it's not in a waterproof box.
